FPDN ADVOCATE

2

Partner

After your initial YARN you will be matched with the appropriate FPDN Disability Advocate

3

You yarn, **TALK**  
We Listen

Our aim is to provide you with the appropriate information and support to help you understand your rights. We have a range of Disability Specialists who provide Advocacy across Education, Criminal & Juvenile Justice, Community Health, Early Intervention, NDIS, Housing, Child Protection, Domestic Violence and Employment Discrimination.

4

We walk with you

After we listen to your story, we develop an Advocacy strategy to support you. If we need to escalate your story, FPDN will raise your story at a systemic level.

5

Solution

Once you are happy with the outcome, our Advocate will yarn with you again about your experience with FPDN, making sure you feel confident in understanding and knowing your rights.

6

Reflect  
+ Evaluate

Even though you now know your rights, FPDN Advocates are here for a yarn, to check in and reconnect if you need.

We see you,  
We hear you,
